

Identified As Killer?

Survivor Faces Speck

CHICAGO (AP) — The dark-haired, dainty nurse looked at the sinewy man accused of calmly killing eight of her friends.

Richard Speck, 21, was in a bed at the City Jail Hospital, pale from a loss of blood through self-inflicted cuts in his arms.

He may have been further weakened, doctors said, by a heart attack which he may have suffered shortly before his face-to-face meeting with the nurse Tuesday.

Was he the same man who had managed to subdue, gag, blind and then kill eight young student nurses early Thursday? Carozon Amurao, 23, a Filipino exchange nurse who escaped the fate of her roommates by rolling under a bed and praying as they were led, one by one, to their deaths, was there to answer that question.

The Chicago Sun-Times and the Chicago Tribune in today's editions both said Miss Amurao had identified Speck as the intruder.

However, the state's attorney's office refused to give any information on the confrontation or to comment on the newspaper reports.

Dr. William N. Norcross, the city jail physician said in a medical bulletin that Speck may have suffered a heart attack shortly before the incident.

"There is an 80 per cent chance that Richard Speck suffered a coronary thrombosis sometime prior to 10 a.m. today (Tuesday)," Norcross said.

"Complete rest has been ordered as well as no interviews or visitors for the next 48 hours. The patient cannot be moved," he said.

Dr. Norcross said Speck complained of chest pains, was restless and was trying to sleep.

He said tests would be conducted today and Thursday to determine Speck's condition.

Dr. Norcross reported Speck's chest pains at a hearing Tuesday in the felony division of Circuit Court.

Crisis Seen In Airline Strike

WASHINGTON (AP) — The 12-day airline strike approached a crucial showdown today with a union maneuver that threatens to stretch the costly, crippling walkout another two weeks.

The decision of the striking Machinists' Union to take a "vote of confidence" among all 25,000 strikers in some 30 cities if there is no contract agreement today stunned top federal officials and negotiators for the five grounded airlines.

The only hope for shortening the strike that has already taken much of the joy and the money out of the nation's peak summer tourist season apparently lay in government pressure to win a settlement before the union's 5 p.m. EDT deadline.

That left just seven hours from the opening of today's talks at 10 a.m.

A union vote without an agreement between company and union negotiators is virtually certain to reject the last airlines' proposal, sources in the talks said.

Hancock Residents Quizzed On Speck's Stay In That Area

HANCOCK (AP) — Four Illinois State's Attorney's Office men today questioned residents of this Upper Michigan community regarding their contacts with Richard B. Speck, accused in the slaying of eight student nurses in Chicago.

The unit, headed by Kenneth Gillis, sought information concerning Speck's mental condition while in Hancock and whether he displayed any unusual personality traits.

Speck, charged with murder in the slaying of one of the eight young women found dead in their townhouse apartment July 14, spent two weeks in the Hancock area after undergoing an emergency appendectomy May 3 at St. Joseph's Hospital in nearby Houghton.

Probers Look Into Finances Of Sen. Dodd

WASHINGTON (AP) — The Senate Ethics Committee indicated today its next round of hearings on misconduct charges against Sen. Thomas J. Dodd will deal with the Connecticut Democrat's financial affairs.

Chairman John Stennis, D-Miss., told a reporter he will announce the subject and the date for the hearings just as soon as he can. But he said he had no definite information at this time.

Stennis said that progress was being made in investigating other charges against Dodd, that financial records and other data were being checked.

Indications were that this phase of the committee's investigation will go beyond the raising of campaign funds and the use made of them by Dodd.

The bipartisan committee's first round of hearings, to explore Dodd's dealings with Julius Klein, owner of a Chicago public relations firm and a registered agent for West German business interests, ended late Tuesday.

Klein spent the day in the witness chair. On a key issue, he insisted he hadn't pressured Dodd in going to West Germany in 1964 to help Klein retain his clients there.

"I don't know a single United States senator who can be pressured," said Klein, who testified all his letters, memos and telephone calls to Dodd were just the exercise of his "God-given right" of petition.

Klein, a Republican, said he also had asked Sen. Jacob K. Javits, R-N.Y., and other senators to speak to German government and industrial leaders in his behalf. Javits later told a reporter he had mentioned Klein in talks with former Chancellor Konrad Adenauer and former Foreign Minister Heinrich Von Brentano.

N Viet Missile Downs Yank Jet Near Hanoi

SAIGON, South Viet Nam (AP) — North Viet Nam fired off a record 29 Soviet-made missiles Tuesday during heavy American air attacks near Hanoi and one of the rockets found its mark, the U.S. command reported.

One U.S. jet was lost to a surface-to-air missile and another was shot down by a Communist MIG17 in a dogfight 20 miles north of Hanoi, a spokesman said. American pilots claimed damage to three MIGs but saw none go down.

On the "peace" front, the South Vietnamese government with apparent U.S. blessing offered to end the war, including the air strikes against the Communist North, and begin talks toward reunification of North and South Viet Nam if the Viet Cong disband and Hanoi withdraws its troops from the South.

Except for the mention of reunification, the proclamation represented little new and reflected the new confidence in Saigon over the allied military position.

Since the proposal demanded their capitulation, the Communists were certain to reject it. In the ground war, U.S. jets and artillery pounded Communist positions in the jungles of the Song Ngan Valley just below the 17th Parallel frontier as 7,000 American Marines and South Vietnamese troops carried Operation Hastings into the sixth day. The main target of the aerial barrage was Hill 208, site of numerous bunkers and foxholes. A spokesman said 11 bunkers had been destroyed or damaged.

Ground fighting appeared to have tapered off against units of the North Vietnamese division which intelligence says recently infiltrated across the six-mile-wide demilitarized buffer zone separating North and South Viet Nam.

The Marines reported 332 Communists killed and the probable deaths of 549 more. A Leatherneck battalion that had borne the brunt of the fighting left the field.

In the only heavy engagement Tuesday reported by the U.S. military command, a company of the U.S. 25th Infantry Division killed 51 Viet Cong in Ho Bo Woods 21 miles northwest of Saigon. The U.S. command said the American company suffered heavy casualties.

Soviets Launch 125th Satellite

MOSCOW (AP) — The Soviet Union launched the 125th satellite in its Cosmos series today, Tass reported. It said the unmanned satellite carried scientific equipment and was in a circular orbit about 155 miles above the earth.

The Cosmos series began March 16, 1962. The Soviet announcement said its aim was scientific exploration.

Miners Protest Abandonment Of Search For Tot

CALUMET (AP) — Miners at two Upper Peninsula copper mines failed to report to work Tuesday night in a reported disagreement over the halting of a search for the body of a child who fell into an abandoned shaft.

Although management and union sources refused comment, a mining captain said miners failed to report on night shifts at Calumet & Hecla's Osceola and Kingston mines.

The Osceola mine, near Laurium, and the Kingston mine, near Anheek, are members of Calumet & Hecla's Calumet Division.

Burton C. Peterson, head of the Calumet division of C & H, said the search was called off because seepage of water from surface swamps was undermining walls and timber in the 3,000-foot shaft and causing "an ever-increasing possibility of cave-ins and loosening of debris."

"I assure you that this is probably the most difficult decision I shall ever have to make," Peterson said, "and I can only say that it was made after every possible avenue was explored to finish the job."

Ruth Ann plunged into the shaft Saturday after crawling through a hole in its concrete cap. She and her 10-year-old brother had been picking blueberries. Rescuers had said there was virtually no hope that she was still alive.

Peterson said the company considered tunneling into the shaft from a nearby mine, but discovered the timber in the second shaft was in worse condition than that in the shaft containing the girl.

The problem cleared by the time the astronauts went to sleep at 11 p.m. EST but officials were concerned that perhaps it would recur when the hatch again was opened for the space walk.

If all goes well today, the astronauts were to break off from the Agena about 2 p.m. and start closing in on another Agena left in orbit last March by the Gemini 8 astronauts.

Hitchhiking under the power of their own Agena, the Gemini 10 crew had first soared to a record altitude for manned flight at an orbital high point of 476 miles, then pulled back down close to 240 miles, just seven miles below the path of the old Agena.

Rendezvous 5 P.M. They are to rendezvous within a few feet of Agena 8 around 5 p.m., and Collins is to step outside about an hour later. He'll use a gas-powered hand gun to propel himself back Rogers-style over to Agena 8 to conduct experiments.

In steering to their rendezvous and linkup with the Agena 10 in their first hours in space Monday night, Young and Collins expended considerably more spacecraft fuel than intended.

Instead of having 70 per cent of their 940-pound fuel supply remaining, they were down to 35 per cent. As a result, they curtailed many scientific and technological experiments, and ground controllers decided they should remain docked with Agena 10 instead of disconnecting from it Tuesday as planned.

By using the Agena engine for the maneuvers that set them up for the rendezvous with Agena 8, the astronauts conserved their vital spacecraft fuel. They used only 5 per cent Tuesday, making the high-altitude dash on the Agena's 16,000-pound-thrust main engine and using its two smaller thrusters for more delicate maneuvers.

Tank Satellite Eases Shortage In Fuel Supply

CAPE KENNEDY, Fla. (AP) — Gemini 10 pilot Michael Collins was flashed an "all clear" today to stroll into space on a 50-foot lifeline and work with a "dead bird" target satellite left over from last March.

Using fuel from their own Agena space engine to make up some of the shortage on Gemini 10, command pilot John W. Young and Collins sped toward their distant target, expecting to catch up with it and begin Collins' space stroll at 5:56 p.m. (EST).

Space officials apparently decided the pungent gas that caused the Gemini twins' eyes to water during a 45-minute space stand Tuesday could be controlled.

Nine Hours Sleep The crew awoke about 8 a.m. after nine hours of sleep.

Young, a Navy commander, and Collins, an Air Force major, were told to use a secondary propulsion system in their Agena to change their orbital plane and adjust their height so they could jockey into a position to rendezvous with the old satellite.

Flight officials on the ground continued studying the problems of low fuel and smarting eyes as the astronauts spun 240 miles above the earth.

William C. Schneider, Gemini mission director, said: "We feel we have a reasonable chance of completing the double rendezvous even though we don't have as much fuel as we'd like. If the environmental control system problem straightens out, we also feel we can make the space walk."

Priority To Walk At an after-midnight news conference, National Aeronautics and Space Administration officials gave the venture outside priority over rendezvous if a choice has to be made.

The eyes of both astronauts watered and became irritated Tuesday while Collins conducted experiments with the hatch open, the upper half of his body thrust into space.

Neither could see, and Collins was forced to end the exercise after 45 minutes, about 25 minutes early.

Lithium hydroxide, a chemical used to remove carbon dioxide from the cabin environmental control system, may have been responsible.

The problem cleared by the time the astronauts went to sleep at 11 p.m. EST but officials were concerned that perhaps it would recur when the hatch again was opened for the space walk.

If all goes well today, the astronauts were to break off from the Agena about 2 p.m. and start closing in on another Agena left in orbit last March by the Gemini 8 astronauts.

Smiling Through Tears:

Red Skelton Finishes Clown Act After Wife Is Shot In Accident

LAS VEGAS, Nev. (AP) — His rubbery face masking his grief, Red Skelton clowned before a delighted audience Tuesday night as his wife lay seriously wounded in a Las Vegas hospital from an apparently accidental gunshot.

Georgia Skelton, 44, was declared in satisfactory condition at Sunrise Hospital following treatment for a chest wound which was inflicted with a pistol early Tuesday morning.

The accident took place in the Skeltons' suite in the Sands Hotel as he was performing in the supper club below.

The shot was heard by the Skeltons' daughter, Valentina, 19, and a college student friend, Art Coleman, 19, who were in another part of the suite. Coleman entered the bedroom to find Mrs. Skelton stretched on the bed, bleeding at the chest.

"What happened? What did I do?" she was reported to have said.

Told After Show Mrs. Skelton was rushed to the hospital where doctors determined the shot had penetrated no vital organs. After his performance, Skelton was told the news and he rushed tearfully to the hospital.

Skelton remained with his wife, whom he married in 1945, and later attended the wedding of Frank Sinatra and Mia Farrow at the Sands Hotel. He insisted on performing his usual show Tuesday night.

The comedian, 52, was in top form. He romped through his usual procession of gags, some old, some new, and performed his near-classic pantomimes — the old veteran at the parade, the child refusing to take castor oil, etc.

Only at the conclusion did Skelton reveal a trace of emotion. In his curtain speech, he made his traditional comments about not wishing to offend anyone and hoping that his buffoonery had helped his audience forget their troubles.

The Skeltons normally keep guns at their residences in case of burglary. The comedian explained: "Georgia and I had taken all our guns from the Palm Springs house to the Bel Air House, but she brought one little pistol here."

"The pistol had no ammunition and she wanted to get some. She said she felt much safer to have the gun loaded. So just last Saturday we went to a store and bought some bullets for it."

The gun was a 38-caliber pistol which Skelton said was on the bedside table. He theorized that his wife may have brushed against the gun while reaching for a dressing robe.

Skelton's engagement ends next Tuesday and he said he would fly his wife back to Los Angeles in a private jet.

COMEDIAN RED SKELTON hands his wife a piece of his birthday cake just a few hours before she accidentally shot herself in her room at the Sands Hotel in Las Vegas, Nev. She is reported in good condition at a local hospital. The photo was taken during the comedian's birthday party before his evening show. The mishap occurred during the Midnight show. Red was told of the accident after he finished his act. (AP Wirephoto)

State Becomes U. Classroom

KALAMAZOO (AP) — The classroom will be as big as all outdoors when Western Michigan University offers a course called Biology 234 beginning next week.

The three-week course will take students on a camping and study trip throughout Michigan. Taught by Ray Deur, assistant professor of biology, the students will take a canoe trip on the Pere Marquette River, hunt for Potosky Stones in Charlevoix County, take an air boat ride in Grand Traverse County and visit iron and copper mines in the Porcupine Mountains.

The class members will be transported in state cars, the university said, camping out and cooking their own meals along the way.

Western said the course is designed to provide practical study of biology. The 29 students expected to enroll will receive four hours of college credit.

Papermakers And Mead To Continue Talks

Mead Corp. and Local 209 of the United Papermakers and Paperworkers issued a joint statement today that their talks are continuing on a labor contract to replace the one which expired May 31.

The Escanaba Division mill at Groos is working, but with electrical workers out.

The joint statement of George S. Douglas, manager of the Escanaba Division, Mead Corp., and Richard E. Johnson, president of Local 209, United Papermakers and Paperworkers, stated:

"Company negotiators and members of the United Papermakers and Paperworkers Local 209 bargaining committee met today (Tuesday) to continue their contract negotiations. No agreement was reached and the parties agreed to continue negotiations at a date to be mutually agreed on next week."

Announced earlier were continuing talks this week between the company and Local 110, International Brotherhood of Pulp, Sulphite and Paper Mill Workers.

VISTA Worker Aids Headstart

BY MRS. ALBERT WELDM

ROCK — Miss Vivian Thorsen, 19, of Swea City, Iowa, arrived in Rock on July 5 for a three week training session. She observes and helps with the Headstart program and all the other courses offered at school this summer. She works at the school through the office of the CAA (Community Action Agency) and Mrs. Sylvester Wittala.

Miss Thorsen is serving under VISTA (Volunteer in Service to America) which was established in 1964 under the OEO (Office of Economic Opportunity). The VISTA workers are given a one week training at Northern Michigan University before going out for three weeks on field training.

They will receive another week of training at Northern before being placed in their permanent assignment. These volunteers are the Domestic Peace Corps and work in deprived areas on a person to person basis helping the people to help themselves.

Miss Thorsen comes from a small community in Iowa. She was born and raised on the farm, the youngest of four children. After completing one year at Luther College in Decorah, Iowa, she decided to volunteer to work under VISTA. At first her parents weren't too enthused about it but now she says they are very proud to have a daughter in VISTA.

After she completes her year in service, she hopes to go back and finish college. She says this is a wonderful experience to see the country and help those who need help. She is a very congenial person and one can see she is interested and enjoys working for and with people.

The VISTA volunteers receive an allowance for living expenses and at the end of their service, up to two years, a lump sum of \$50.00 for each month they have worked.

While in Rock, Vivian is staying at the home of Mr. and Mrs. Eino Salmi. Mrs. Salmi says, "I know we will miss her when she leaves, she is such a nice person."

Miss Thorsen just can't get over her amazement on how many trees there are in the Upper Peninsula.

"Every time I turn around I bump into a tree," she says. She said "back home in Iowa there are trees in groves or around buildings, but not just all over like up here." Also the deer here are larger. She has seen many animals, but she hopes to see a real live bear before she leaves. Wherever she will be assigned, the folks in Rock wish her the best of luck.

Board To Open Bids On Schools

The Escanaba Area Board of Education will open bids at 8 p.m. Thursday on the first two of seven scheduled construction projects from the \$1,450,000 bond issue approved earlier this year.

A joint bid will be received for construction of a new Southside elementary school and a replacement elementary school at the old Franklin school site.

Specifications were prepared by G. Arnzen & Co., Architects, of Escanaba.

Estimated cost of both the Southside and Franklin school buildings was \$261,000, making a total estimate for the two buildings of \$522,000.

The new Southside school, yet to be named, will be built on a site acquired from the City of Escanaba near the Athletic Field. The Board of Education and the City will cooperate in development around the school of a recreation area for southside children.

Help In Viet Nam:

Blood Is First Line Of Defense

The Red Cross, hoping today for a good response to its appeal for blood contributions, pointed to the need for blood for derivatives in support of the U. S. armed forces in South Viet Nam.

The opening day of the three day procurement clinic in Delta County was 21 units short of the quota, the local Red Cross reported today. The bloodmobile was at Gladstone on Tuesday, where 56 units (the quota was 77) were received.

The bloodmobile is at Teamsters Hall in Escanaba today until 7:30 p.m. and on Thursday from 10 a.m. to 3 p.m. Donors are invited to walk-in at any time.

Gladstone residents who were unable to give blood while the clinic was in Gladstone Tuesday may do so in Escanaba and their contribution will be credited to the Gladstone record, it was announced.

Two nurses employed with the bloodmobile, whose regional center is at Madison, Wis., contributed blood in Gladstone Tuesday in an effort to help Gladstone reach its quota.

There was a request from the Red Cross for B Positive type blood today, and A Positive type blood donors on Thursday to meet the need for blood for open heart surgery cases.

Cecil Chase, chairman of the Delta County Chapter of the Red Cross, cited reports from

national headquarters regarding the need for blood for the Department of Defense.

Plasma from the blood will be processed into gamma globulin, useful in preventing or modifying infectious hepatitis, and serum albumin, helpful in treating shock from wounds. The Red Cross has been asked to supply a total of 250,000 units of blood in support of the armed forces in Viet Nam this year, Chase said.

Blood donors in Delta County, therefore, have the opportunity to place some of their own life-giving blood in the first line of defense in Viet Nam, Chase pointed out.

Support of the blood program also provides free Blood service to all of the people of Delta County when they are in any hospital anywhere and in need of blood as a patient. Their only cost is the hospital's blood administration fee.

Black Power

The Negro leaders who told the colored people to mind their manners and that the white folks would eventually give them equal treatment have been repudiated as "Uncle Toms" and long since retired from leadership.

A new generation of leaders like Roy Wilkins of the National Association for the Advancement of Colored People, and the Rev. Martin Luther King of the Southern Christian Leadership Conference have come to power. Contending with the huge force of millions of Negroes condemned to ghetto life by American national policy, the Rev. Mr. King has talked with considerable garble on his breath at times, as befits a spokesman for so large and so abused a people.

But Mr. King and Wilkins and others like them who have tried to lead American Negroes into a new era of full citizenship and responsibility look like old conservatives in the new wave sweeping the Black Belts. The new cry is "Black Power!"

The rallying cry isn't a new one, but it has never been so boldly asserted, nor brought so much response. The Negro civil rights movement is at a crossroads. Stokely Carmichael of the Student Non-Violent Coordinating Committee (SNCC) and Floyd D. McKissick of the Congress of Racial Equality (CORE) are the new prophets of Black Power.

Both have denied that the slogan has anti-white implications, they insist it's just non-black. McKissick says the Black Power advocates want to bring the black American into the "covenant of brotherhood."

The explanation seems logical, but the vehemence with which it was preached on the recent Mississippi march which saw it emerge was frightening and so was the character of "nonviolence" which was later changed to "self defense."

Black Power continues a murky term, used to cover whatever the speaker wants to cover, but it hints a hardening of Negro attitudes toward the whites and less inclination of the Black Power group to support the accepted leaders of the Negro cause.

Carmichael has been calling Negro leaders who have political power "Uncle Toms." He opposes the new civil rights bill and has rated Vice President Humphrey a "racist."

CORE welcomes the extremist Black Muslims to its membership, and under Black Power it calls for "total control of the economic, political, educational and social welfare of our (Negro) community from top to bottom" and "effective control and self-determination by men of color in their own area."

This is as wrong as the prejudice which the Negroes fight, of course. It aims to alienate and segregate the blacks from the whites and make them dominant wherever possible. It's the opposite of any "covenant of brotherhood."

By offering such an undesirable and dangerous creed, Black Power may help the cause of civil rights by bringing together the moderates of the Negro people and the leaders of white forces who sincerely seek to improve the lot of the Negro and to raise him to full citizenship and equal opportunity.

The NAACP, more than a half century old, has worked for betterment of Negro opportunity by the old methods of nonviolence, lawsuits, legislation and integration. Its Roy Wilkins told its recent Los Angeles convention that "Black Power" means anti-white power: a reverse Mississippi, reverse Hitler, a reverse Ku Klux Klan. And it can mean in the end only black death. It is the father of hatred and the mother of violence.

"It is the wicked fanaticism which has swelled our tears, broken our bodies, squeezed our hearts and taken the blood of our black and white loved ones."

Vice President Humphrey put it well, "There's no room in America for racism of any color," he said.

Lake Superior State College Is New Name

SAULT STE. MARIE (AP)—The Soo Branch of Michigan Technological University has a new name today and its administrative head has a new title.

Dr. Stanley W. Sundeen, chairman of the Michigan Tech Board of Control, said that effective immediately the Soo branch will be known as Lake Superior State College.

Dr. Kenneth J. Shouldice, formerly vice president and director of the branch, will become chancellor of the college and will report directly to Dr. R. L. Smith, president of Michigan Tech.

The move is in line with recently announced plans by the board of control and the State Board of education to grant the Soo branch eventual autonomy as a four-year, degree-granting institution.

"The board feels that this new name will give the Soo branch a more autonomous identification as we work toward the day when it is an independent educational institution," Dr. Sundeen said.

He pointed out that the State Legislature must approve institutional names, but the governing body of an institution has the prerogative of naming its subdivisions.

The name will come up for legislative approval when Lake Superior State College becomes completely autonomous, he explained.

Ephiledes Are Epidemic

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

The medical profession is unworried by a seasonal epidemic of ephiledes affecting millions of U.S. teenagers. Ephiledes are caused by the sun—and most people call them freckles.

Ever wonder how much you can get for damaged paper currency? Well, if three-fifths of a bill survives, you can redeem it for its full face value. If less than three-fifths but more than two-fifths, it's worth half its face value. If less than two-fifths remains, it's worthless except as a souvenir.

If all heart disease could be wiped out, it would increase life expectancy at birth by only six years. There is still no medical miracle on the horizon that would enable the average man to live to be 100 years old.

Our neighbors in Northern Wisconsin can be justly proud of their plan of Judicare. Feeling that equality before the law should be the goal, the Wisconsin plan permits the poor to be served by the same attorneys as all other citizens.

The Upper Peninsula plan says that the poor are relegated to government lawyers.

The legal aid plan for our area strips the poor of the last vestige of pride and forces them to proclaim to the world that they take the "poor man's lawyer."

In the Probate and Juvenile Court we serve the poor in many ways. I hope that improvements can be made in the plan for legal services so that true equality before the law can be realized.

The Doctor Says: Stones In Cemetery Don't Hug Very Well

By Dr. Wayne G. Brandstedt

Q—After my third baby I did not menstruate for 18 months. My doctor gave me some pills that started my periods again. Now, after by fourth baby, I have not menstruated for six months. Can I get pregnant again if I don't have a period?

A—Menstruation may appear as early as eight weeks after delivery in a woman who does not breast-feed her child but, regardless of how you feed your baby, the time required for the reappearance of menstruation varies widely. When ovulation is re-established menstruation will occur if the uterus has not been impregnated. It is possible, therefore, to go from one pregnancy into another without having an intervening menstrual period.

Q—If a girl was born prematurely, would it be possible for her to bear a child later in life?

A—Prematurity would not, in itself, be a reason for infertility.

Q—Is there any possibility of an ectopic pregnancy occurring in a woman who has had her uterus, but not her ovaries and tubes, removed?

A—Not unless the operative technique was faulty and even then the chances would be minimal.

Q—With three of my five children the membranes ruptured three days before the baby was born. What would cause this?

A—When the membranes rupture before the onset of labor, "dry labor" results. The cause is unknown.

Q—When I was four months pregnant I had a menstrual period. This never happened to me before. What does it mean?

A—It is possible that you of an ectopic pregnancy occur, you are truly pregnant. This may mean premature detachment of the placenta. In any case, it would be a serious sign and should be treated as an emergency.

Q—I suffered from "baby blues" or postpartum melancholia after my two children were born and had to take tranquilizers for a long time. What causes this?

Early recognition and reassurance by one's doctor may be all the treatment that is needed but, if this does not suffice, psychiatric consultation early in the course of the disease is helpful.

I lose weight?—MARYLAND

Dear Ann Landers: I was rocked by the letter from 12-year-old Danny. His mother would not give him money to go to the movies with his schoolmates because he had been sick a great deal and his illness had cost the family so much. His mother told him that because of the doctor and hospital bills he had run up, she wasn't going to be able to buy him new clothes for a long time, and they'd have to forget about a new car. Danny asked you how he could let his mother know that he loved her and that he was sorry he had caused them so much trouble.

I would like to address my remarks to Danny's mother: Madame: If you feel that your son is too expensive, will you please send him to me? Being ill and confined to a hospital is difficult enough for a child who wants to be well and strong. To make him feel that he is a financial burden is just about the cruelest thing I've ever heard of.

Head stones in the cemetery don't hug very well. I know. I have three of them. Believe me, I'd gladly wear rags for the rest of my life, and I'd give up riding in cars forever if I could have just one of my three sons in my arms this very moment.

You obviously don't appreciate it, but you have been blessed with God's greatest gift—the love of a child. It is a mystery to me, as I am sure it is to others, how you have managed to raise such a wonderful little boy. I'll bet he has a fine father.—TULSA

Dear Tulsa: I received hundreds of letters expressing warm and wonderful feelings about Danny.

Since the vast majority of my mail deals with trouble and grief, it was refreshing to receive so many sensitive expressions of love and compassion. It's a joy to know that my column is being read by so many beautiful people. My thanks to all of you who wrote.

Dear Ann Landers: I am a 17-year-old girl who is 5'4" and weighs 122 pounds. The problem is that these girls at church keep telling me I ought to lose about 15 pounds. I have asked several of the boys what they think and they all say I am just right.

The girls who keep telling me to lose weight look like flag poles. Do you think they are jealous of my shape? Should

Cavanagh-Soapy Meet In Livonia

By The Associated Press
"Good morning, Jerry," said Soapy.

"Good morning, governor," said Jerry.

And that was about as far as it went.

G. Mennen (Soapy) Williams and Detroit Mayor Jerome Cavanagh traded a few pleasantries Tuesday when they found themselves face to face at a factory gate in Livonia.

"It's good to see you," said the former governor.

"It's nice and early," said the mayor.

Then the two candidates for the Democratic U.S. Senate nomination went to work, pumping workers' hands and asking for votes in the Aug. 2 primary.

Later, a reporter polled some of the workers at the plant and found 80 were for Williams, 47 for Cavanagh, 47 undecided and four for Republican Sen. Robert Griffin, who'll face the winner of the Williams-Cavanagh battle in November.

From Livonia, the mayor continued to tour the Detroit area, with stops in Plymouth Township, Detroit, Harper Woods and Roseville. Williams visited in Plymouth, then left for Jackson and Washtenaw counties.

Williams planned a series of campaign staff meetings in De-

troit today, with time out for a luncheon speech. Cavanagh planned a morning of appearances in Monroe before leaving for an evening rally in Jackson.

Griffin, in Washington all day Tuesday, planned to be there all day today.

38th District Scholarships Are Announced

LANSING — State Senator Joseph S. Mack today released the names of 220 students in the 38th Senatorial District who have won monetary awards in this third year of Michigan Competitive Scholarship Program. A total of 4,221 Michigan students have been awarded monetary grants for the coming school year.

The monetary awards range from \$100 to \$800 depending upon financial resources, and the total student cost at the institution he plans to attend. Awards for the 38th District total \$65,288.

The Senator from Ironwood stated that Michigan has achieved an enviable record in its approach to financial assistance for college students.

Senator Mack and others were praised by Ira Polley, new Superintendent of Public Instruction, who stated, "we in the State Department of Education are appreciative of the continued understanding and support provided by you and other members of the Legislature, without whose interest the scholarship program would be impossible."

The names and addresses of the Menominee County scholarship winners follow:

Gilbert Anderson, John Hoefler, Leila Phillips, Wallace; Rodney Backman, Patrick Bastien, Gabriell Malinoski, Kathleen Mulheron, Gloria Sager, Adrian Vincent, Stephenson; Michael Baribeau, Nancy Buysarski, Dawn Forsberg, Ellen Gasperi, Cheryl Hranach, David Hultgren, Alan Kozikowski, Carol Larson, Sharon Olsen, Mary Simon, George Smith, Menominee; David Berto, Mary Hall, Daggett; Elizabeth Gorzinski, Marie Kleikamp, Wilson; Robert Mariseck, Carney; Donald Whitens, Hermansville; Marquette County winners included: Judith Arbellus, Palmer, Lewis Hardin, KI Sawyer AF Base.

Rotary's Guest From Mexico To Arrive Thursday

Members of the Escanaba Rotary Club will greet their 1966 guest, Alfred Serrano of Mexico, at the bus station in Escanaba at 8:05 p. m. Thursday.

Serrano is 27, unmarried, speaks English, and teaches in the University of Sonora School of Agriculture. His home is in Sonora, which he describes as a desert-like area where temperatures reach as high as 115 degrees.

Robert Mosenfelder is chairman of the Rotary Club's international service committee and other members are Dr. Robert Ryde, Don Yost, Dr. T. J. McInerney and James Frost.

Serrano will spend the first two weeks of his stay in Escanaba as a guest in the home of the Rev. and Mrs. Ben Helmer.

Briefly Told

Eagles Auxiliary will meet tonight at 7:30 in the Eagles Clubrooms.

Bay de Noc Gem and Mineral Club members will collect mineral specimens in Dickinson County on Sunday, July 24. Meet at 10:30 a. m. in the high school parking lot in Felch, and at 1:30 p. m. in the parking lot of the Groveland Mine, about 8 miles west and 2 miles south of Felch.

The Delta County Sportsmen Club regular trap and skeet shooting session will be held Thursday beginning at 6 p. m. Ammunition, targets and basic instruction will be available. All interested shooters are invited to attend.

Class members of EHS class of 1946 are to make reservations for the reunion to be held Aug. 6 at Marco's before July 31 by calling 788-7650 or 788-4290.

Republicans are invited to attend a meeting of the Delta County Republican Committee to be held at noon Thursday at the Sherman Hotel in Escanaba. Arthur A. Nieman, Committee chairman, said that all persons interested in party organization are welcome. The luncheon is Dutch treat.

Dry weather continues to keep the fire hazard high, and Escanaba firemen were called out seven times on Tuesday to extinguish six grass fires and one blaze in a trash box at a residence. There was no damage.

Escanaba police have issued traffic court summonses to Kerry F. Valiquette, Gladstone Rte. 1, excessive tire noise; Martin N. Goodwin, 317 Delta Ave., Gladstone, no operator's license on person; Stanley D. Lueburg, 617 S. 12th St., and David J. King, 1307 10th Ave. S., both for speeding.

Rlane Larson, 11, of 1205 Washington Ave., suffered minor injuries when he was struck by a car driven by David W. Martin, Lake Shore Drive, Gladstone, at 11th St., and Washington Ave. at 2:59 p. m. Tuesday. He was taken to St. Francis Hospital for treatment and was discharged at 10 a. m. today.

Fire Destroys Old Building In Spalding

SPALDING — An abandoned building once used as a sawmill by Pine Timber, Inc., was destroyed by fire Tuesday afternoon.

Damage was limited to the building and some lumber piled about it, a company spokesman said. The building had not been used for about five years. The loss was completely covered by insurance.

Firemen from Spalding Township and Hermansville brought the blaze under control early last night. The building was located near the Big Cedar River in Spalding.

A company spokesman said the fire may have been caused by children playing with matches. It started about 4:25 p.m.

Varnum Talks To Tech Students

Charles Varnum of Manistique, Republican candidate for state representative in the 107th District today is completing a 10-day campaign at Sault Ste. Marie—one of the cities in the district which he hopes to represent after Nov. 8.

This week's political campaign is typical of the door-to-door campaign being conducted by Varnum in each of the four counties in the 107th district. Today Varnum spoke to students in the Upward Bound Program at the Soo Branch of Michigan Tech. Over 100 students are enrolled in the program.

Varnum's non-political talk is an example of the activity that keeps the 33-year-old Manistique school teacher busy this summer. Rep. Einar Erlandsen (D-Escanaba) is the incumbent 107th representative.

Williams' Lead Slight In Poll

DETROIT (AP) — Republican U.S. Sen. Robert Griffin led Detroit Mayor Jerome Cavanagh and was only a shade behind former Gov. G. Mennen Williams in an election poll reported by The Detroit News.

Griffin led Cavanagh by 42 per cent to 35 per cent while trailing Williams, 43 to 42 per cent, in a statewide poll. The News said.

Griffin is unopposed for the Republican nomination in the Aug. 2 primary. Cavanagh and Williams are rivals for the Democratic nomination.

The poll showed Griffin leading Cavanagh outstate 45 to 32 per cent while Cavanagh led in Wayne County 42 to 36. The balance of the voters were undecided or favored neither man.

Griffin topped Williams 46 to 37 per cent outstate while trailing him 54 to 33 in Wayne County. The balance here also was undecided or in favor of neither candidate.

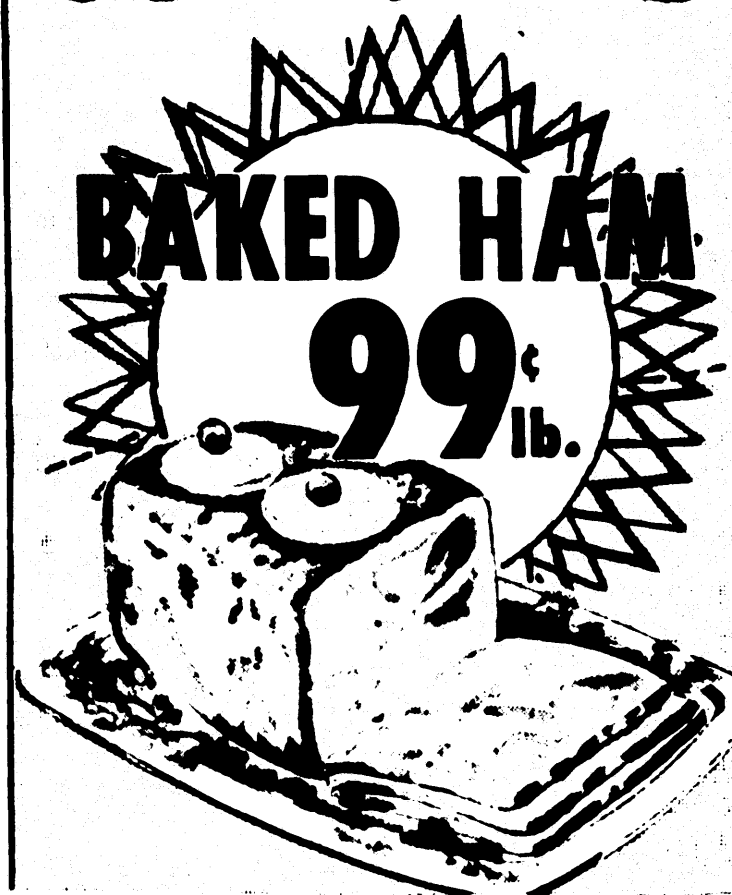

Griffin led both Cavanagh and Williams in the 21-29 age group. Williams and Cavanagh showed best in the 30-39 year bracket.

Negroes favored Williams over Griffin, 76 per cent to 10 per cent, and also Cavanagh over Griffin by 57 to 16 per cent.

It is estimated that about half of the Peace Corps volunteers in India are agricultural workers.

Linda Anderson Bride Of Robert E. Dlugas

Miss Linda Lou Anderson of Escanaba became the bride of Robert Edward Dlugas of Kenosha, Wis., in a ceremony performed at 2 p. m. Saturday, July 16 at St. George's Church in Bark River.

The Rev. Leslie Borman of St. Mary's Church in Norway, in the absence of Rev. Thomas P. Dunleavy, heard the solemn exchange of vows during the double ring nuptials before an altar adorned with bouquets of yellow gladioli and pompons.

Miss Josephine Saykly of Escanaba provided the traditional organ music for the ceremony and soloist, Miss Sheila Piche, a cousin of the bride, sang, "Because" and "The Lord's Prayer."

Michael and Scott Anderson, cousins of the bride, served as altar boys.

The bride is the daughter of Mr. and Mrs. Kenneth Anderson, 200 S. 22nd St., Escanaba and the bridegroom's parents are Mr. and Mrs. John Dlugas Sr. of Bark River.

Silk Organza

The bride chose for her wedding a floor length gown of white silk organza over taffeta featuring a scalloped scoop neckline and elbow length sleeves of re-embroidered rosepoint lace. The lace also featured the A-line skirt styled with a raised waistline and her sleeveless cardinal coat flowed into a court train. Her only jewelry was a pearl necklace, a gift of the bridegroom.

Her matching pillbox hat was trimmed with lace and pearls and held a shoulder length double puff veil of French illusion. She carried a cascading bouquet of white carnations accented with yellow cymbidium orchids. The bride was given in marriage by her father.

Maid of honor for her sister was Miss Kerry Anderson of Escanaba and bridesmaids were Miss Lottie Dugas of Bark River and Miss Sandy Helgemo of Iron River.

Yellow Taffeta

The attendants were attired in identical gowns of pale yellow taffeta styled with Empire bodices of white lace. Floating back panels accented the back of the gowns. They also wore pearl necklaces, a gift of the bride. Their matching double bouffant veils were held by yellow pillbox hats and they carried red baskets filled with yellow and white marguerite daisies and yellow kilian daisies.

Little Donna Dugas of Bark River, a sister of the bridegroom, was flower girl and she was dressed in a miniature replica of the bride's gown. A pillbox hat held her short veil and she carried a small red basket of yellow and white marguerite daisies. Greg Anderson, a cousin of the bride, carried a white heart shaped satin pillow.

Serving as bestman was Richard Bugay of Chicago and further attending the bridegroom were Joseph Roman of Chicago and James Steinbeck of Madison. Seating the guests were John Dlugas Jr., of Escanaba and James Anderson of Bark River.

Mother's Attire
For attending her daughter's wedding, Mrs. Anderson wore a two piece black and white print crepe dress with white accessories and a corsage of red sweetheart roses. Mrs. Dlugas chose a light blue sheath jacket dress with white accessories and she was also presented with a corsage of red roses.

Mrs. A. E. Anderson, of Bark River, paternal grandmother of the bride, wore a two piece white knit suit with matching accessories and Mrs. Ralph Gasman of Escanaba, maternal grandmother of the bride was attired in a two piece teal blue knit suit with matching accessories. Both grandmothers were presented corsages of white carnations.

The couple received over 500 guests at the reception held at Marco's Starlight Room from 5 to 8 p. m. followed by a dance from 9 p. m. to 1 a. m.

Assisting at the reception were: Miss June Myllyla of Baraga and Miss Mary Larson of Wisconsin Rapids, presided at the silver service; Marianne Borden of Gladstone and Mary Sue Boyce of Escanaba, served punch; Bonnie Anderson, the bride's sister, cut the wedding cake; in charge of gifts were Sue Steinbeck and Kathy Gasman of Madison and circulating the guest book were Jane Steinbeck and Debbie Gasman of Madison.

The rehearsal dinner was held Friday night at Swift's in Bark River.

When the couple left for their honeymoon trip to Canada, the bride wore a three piece brown floral print suit with matching accessories and a corsage of yellow cymbidium orchids. When they return they will reside at 4301 21st Ave., Kenosha, Wis.

The bride is a graduate of Escanaba Area High School and Northern Michigan University where she received a degree in Elementary education. She will teach the first grade at the Jefferson School in Kenosha this fall. Mr. Dlugas is a graduate of Bark River High School and is employed at Eastman Dynamatic of Kenosha.

Out of town guests attended from Long Beach, Calif., Madison, Kenosha, Green Bay, Milwaukee, Baraga, Iron River, Sault Ste. Marie and Chicago.

Wilson Back, Empty-Handed

LONDON (AP)—Prime Minister Harold Wilson returned empty-handed from his Moscow peace mission to face up to Britain's worst economic crisis in 17 years.

As Wilson landed at London Airport after a three-day visit to the Soviet capital, financial markets in the city were quieter than usual.

The pound sterling was having a more comfortable ride on the foreign exchange, and the rate moved up a little at the opening. The stock exchange showed small recoveries, but later shares began to look a little uneasy again.

Wilson failed to persuade Soviet Premier Alexei Kosygin to intercede on behalf of U.S. flyers held by North Viet Nam, and also failed to ease the Soviet refusal to join Britain in calling for peace talks.

Hatch Out More Chicks In June

LANSING (AP)—Michigan's commercial hatcheries produced 184 million chicks in June, 29 per cent more than in June, 1965, and 17 per cent above the five-year average. The Federal-State Crop Reporting Service said June egg-type hatch was 14 million, about 35 per cent above last June, June egg production was 115 million, same as June 1965, but down 4 per cent from last month.

Halt Bar Ratings

DETROIT (AP)—The Detroit Bar Association was ordered by circuit court here to restrain temporarily from distributing its ratings of candidates for judgeships. The order was granted at the request of William R. McFadden, an attorney and candidate for Recorder's Court. He failed to get a rating from the association and said the exclusion implied he lacked experience and ability.

Four Injured When Car Hits Milk Truck

Four persons were injured at 11:15 a.m. Tuesday when a car in which they were riding crashed into the rear of a platform milk truck slowing to turn off US-2, .6 miles east of Isabella.

Most seriously injured is Bessie Eggertsen, in her 70s, from Trent, S. D., who has bone fractures. She was the owner of the car, driven by her nephew, Leland Whipkey, 19, of Trent. He was injured, as were Ada Whipkey, in her 70s, and Mark Whipkey, 15.

The family group was returning from a visit in Lower Michigan. The car was extensively damaged.

The truck based at Rapid River, was operated by Wayne Martin, 18, of Garden. It had minor damage.

Investigation by Manistique State Police is continuing.

Social

VFW Auxiliary
A report on the state convention of the VFW Auxiliary, in which citations were presented for Manistique chairmen, was presented Monday night by Mrs. Eleanor DeSautel, delegate.

The poppy chairman, Mrs. Arthur LaMontagne and the buddy poppy chairman, Mrs. Earl Gould received the citations, and a ribbon for membership attainment also was presented the local unit.

Mrs. Ralph Deloria reported on lunch served for the Little League baseball team. A dinner will be served Gold Star Mothers in September. The VFW Auxiliary picnic is scheduled Aug. 1 at 6 p.m. with members meeting at VFW hall before going to Frank Rogers park. Mrs. Ivor Wilcock is chairman.

Members will visit Newberry State Hospital July 28. The national convention of the Auxiliary will be Aug. 19-26 in New York.

Mrs. Jean Kerns of Chelsea was a guest at the meeting this week.

Hospital

Admitted to Schoolcraft Memorial Hospital were Royal Haas, Milton Lohr, Mary LaPonsie, Mary Little, Joseph Vassau, James LeMaster and Richard Davis.

Discharged were Oliver Gouin, Minnie Schoenthaler, Eva Smithson, Mary Borko and the two Painter infants.

Royal Haas, 71, Dies Tuesday

Royal M. Haas, Curtis, Mich., died Tuesday night at 10 o'clock in Schoolcraft Memorial Hospital where he had been a patient for two days. He was born May 29, 1895 in Blissfield, Mich. He was taken to Taggsold Funeral Home in Blissfield.

FBI Gets 96.7% In Convictions

WASHINGTON (AP)—J. Edgar Hoover, director of the Federal Bureau of Investigation, reported today that 96.7 per cent of the persons it brought to trial in the fiscal year ended July 1 were convicted.

In a report to Atty. Gen. Nicholas Katzenbach, Hoover said fines, savings and recoveries in FBI cases during the period reached a record \$253 million, representing a return of \$1.50 for every \$1 appropriated for FBI operations. Convictions exceeded 13,000, he said.

Church Events

First Methodist
Mrs. Eugene Johnson will speak at the 10 a. m. worship service and summer church school Sunday.

Bethel Baptist
Mid-week services will be held Thursday instead of Wednesday. Rev. and Mrs. Bubbar, missionary to the Virgin Islands will be in charge. Choir practice follows. Mission Circle meeting is postponed until July 27, at the home of Carl Beckman.

Briefly Told

GLADSTONE

Two Plans For School Changes OK'd; 2 Mixed

BY MARGARET ADAMS

Of the four school district reorganization proposals to be voted upon by Delta County school district voters on Monday, July 25, two are strongly favored in their areas and two are both favored and opposed.

The proposal of greatest local interest is that which would reorganize the Gladstone School District by adding to it the Rapid River, Perkins, Brampton, Flat Rock and Rock districts.

Since some of these already are high school districts the reorganization would mean that an interim board of education would be created to set up election of a permanent board and that the present voted millage for operation would have to be voted over again.

No Public Stand

William Swenson, president of the Gladstone Board of Education, said that the board has not taken a public stand on the issue of reorganization. The board feels, he said, that consolidation with the outlying districts might well be to the advantage of all elements in the future. Gladstone has recently enlarged its elementary school and high school and is now building a new gymnasium.

Mrs. Milton Bonz, member of the Rapid River Board of Education (serving a district that includes Masonville, Bay de Noc (Stonington) and Ensign townships), said that the board held a public meeting to review the proposal for reorganization.

Most persons attending, said Mrs. Bonz, felt that a more thorough study of the area should be made before reorganization is attempted. The board did not state its position, but members expressed belief that consolidation would result eventually.

More Study Sought

Joseph Vestich, Perkins (Baldwin Township) school superintendent, said that its district board of education was undecided about reorganization and felt that more study was needed. "The people in general feel that this is a very serious step and should be thoroughly considered after a study is made," said Vestich.

Ernest Heitman, president of the Brampton Township Board of Education, said that it believes that the area is not ready for consolidation as neither Escanaba nor Gladstone could absorb all the students to be transferred into a new district.

The Brampton Board believes that the change to a larger district should be made gradually, rather than by complete change-over at this time, said Heitman. But it also believes that there will be consolidation in the future.

Garden For It

Lawrence Lundell, superintendent of the Garden Schools, which is proposed to reorganize with the Fairbanks Township, Nahma and Cooks districts into a new high school district in East Delta County, says the Garden board voted unanimously for the merger in the July 25 election.

"The board feels that the voters should support this decision at this time rather than being forced into consolidation with a larger district, possibly Manistique, within a few years," said Lundell. "It strongly urges voters to approve the consolidation of these four districts while they have a choice."

Retired Judge Pensions Hiked

LANSING (AP)—Eleven retired circuit court judges received pension increases from \$6,250 to \$7,500 a year—dating back to 1963—under a decision of the Michigan Supreme Court Tuesday.

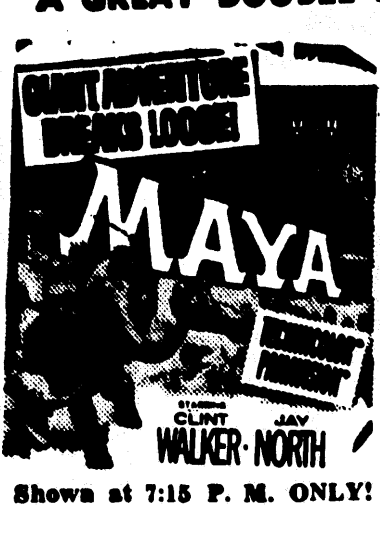

The retired judges argued that their pensions one-half of a circuit judge's salary, should have gone up in 1963 when the Legislature raised state pay to circuit judges from \$12,500 to \$15,000.

The pension law was changed in 1961, eliminating the so-called "escalator clause" which provided that pensions for retired judges went up every time pay for active judges was boosted.

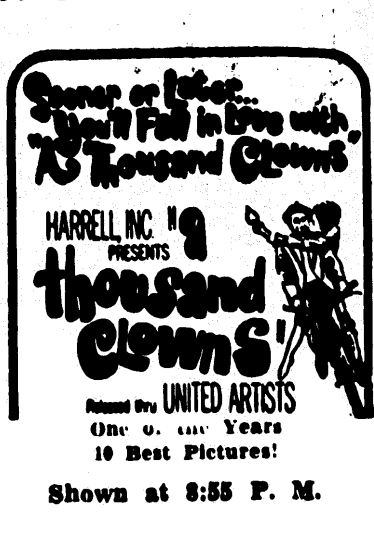

The judges, all of whom retired before Jan. 1, 1960, said the 1961 change did not apply to them since they already, in effect, had a contract based on the escalator clause.

The high court agreed, on a 6-2 vote.

Women Gain Round-Of-Eight

LeMire, Wicklander Win In U.P.

ISHPEMING — Marie Wicklander and Rosemary LeMire of the Escanaba Country Club teed off in the round-of-eight in the Women's U. P. Golf Tournament today after scoring first-round wins in matches Tuesday.

Mrs. Wicklander posted an easy 7 and 6 victory over Millie Johnson of Marquette and Mrs. LeMire eliminated Jean Thomsen of Marquette from

championship competition 3 and 2.

Mrs. Wicklander faced Harriet Rosenbaum of Ishpeming and Mrs. LeMire met Edna Repola, also of Ishpeming, today. Two other Escanaba women, who started match play in the championship flight Tuesday, were defeated. Sally Fontaine of the Country Club fell before Helen Swanson of Ishpeming and Elaine Fairchild of

the Highland was defeated by Mrs. Rosenbaum.

They will continue tournament play with the other six championship flight losers in the first flight.

Defending champion Linda Uren of Iron Mountain rolled past Henrietta Orley of Norway 6-5.

The championship field remaining consists of Mrs. LeMire and Mrs. Wicklander of

the Country Club, four women from Ishpeming, Mrs. Uren and Florence Strong of Ontonagon.

Besides the matches involving Escanaba women, Mrs. Uren faced Helen Olson of Ishpeming and Mrs. Strong was paired against Helen Swanson of Ishpeming.

Semifinals in the championship flight will be played on Thursday morning with finals in the afternoon over the wom-

en's par 36-38 — 76 Wawano-

win Country Club course.

Results Tuesday: Linda Uren, Iron Mountain, def. Henrietta Orley, Norway, 6 and 5; Helen Olson, Ishpeming, def. Carol Carlson, Ishpeming, 1-up; Rosemary LeMire, Escanaba, def. Jean Thomsen, Marquette, 3 and 2; Edna Repola, Ishpeming, def. Ruth Malsack, Iron Mountain, 3 and 2.

Florence Strong, Ontonagon, def. Jeanette Keto, Marquette, 6 and 5; Helen Swanson, Ishpeming, def. Sally Fontaine, Escanaba, 8 and 7; Marie Wicklander, Escanaba, def. Millie Johnson, Marquette, 7 and 6; Harriet Rosenbaum, Ishpeming, def. Elaine Fairchild, Highland.

Phillies Knew About Turf, But Not Change In Farrell

By The Associated Press

The Philadelphia Phillies knew before the game that the outfield grass in the Astrodome had been changed, but it's doubtful if they were ready for the change in Houston pitcher Dick Farrell.

Farrell scattered eight hits Tuesday night as the Astros climbed to one game above the 500 mark by beating the fourth-place Phillies 8-2.

But the change in Farrell didn't occur on the mound — where he has always been respected — but at bat — where he never has been feared.

The veteran right-hander belted two singles and his first homer since 1962 in four trips to the plate. The homer came with two men on in the sixth and gave the Astros a 7-2 lead.

The three hits gave him four in 32 at bats for a .125 average, and the victory was his fourth in 10 decisions.

The game was the first played on a surface which consisted of artificial grass in the outfield as

well as the infield. The nylon

surface has been in use in the

Astrodome's infield all season. Most of the outfielders didn't think the fake grass would make much difference. But left fielder Tony Gonzales of Philadelphia didn't like it.

"The ball bounces like a rubber ball," he said. "You can't hold your footing. It's hard to stop when you charge the ball. They should have left it like it was."

In the only other National League game, Cincinnati edged the Chicago Cubs 3-2 in 18 innings, the longest game in the majors this year, and St. Louis nipped Atlanta 10-9 in 12 innings.

Don Pavletich's homer with two out in the 19th won it for Cincinnati. Until then, the two teams had played eight straight scoreless innings.

The Cubs, who left 18 men on base, took a 1-0 lead in the seventh, and the Reds came back to tie it in the eighth. Then after the Cubs went ahead 2-1 in the

eighth, the Reds again tied it

when Gordy Coleman doubled

home Pete Rose with two out in the ninth.

Atlanta built up a 7-0 lead at St. Louis, but the Cardinals tied it with seven runs in the sixth. Each got a pair in the seventh, and that ended the scoring until Charlie Smith singled home pinch runner Bob Tolan to win it in the 12th.

Joe Torre hit a grand-slam homer for the Braves in the first and belted a solo shot, his 24th, in the seventh. Smith also hit a two-run homer for the winners.

Escanaba Named Host Of Class B Softball Tourney

Escanaba will host the Upper Peninsula Class B softball tournament Aug. 18-21.

Dates and sites for the tournaments were decided at a meeting of the U. P. Softball Association at Iron Mountain. The Class A tournament went to Crystal Falls Aug. 18-21. Class C to Iron Mountain Aug. 18-21, and Class D to Crystal Falls Aug. 12-14.

Class A will have six teams, one from the Escanaba district; Class B 12 teams, two from Escanaba; Class C 14 teams, two from Escanaba, and Class D 16 teams, three from Escanaba.

Classes A, B and C will be double elimination with single elimination in Class D.

Dalton acknowledged such a plan, which Oriole majority stockholder Jerold Hoffberger backs, would diminish income slightly.

"Everybody is trying to make money," he said. "But how much is enough money? I think to try to extract the last bloody penny is wrong."

Dalton said a more sensible schedule would give players a chance to lengthen their careers and improve the quality of baseball.

Orioles Watt Not Ready To Join Sluggers

By The Associated Press

There isn't much the American League can do about Frank Robinson, Brooks Robinson, Curt Blefary, Russ Snyder and the rest of Baltimore's slugging Orioles. But at least Eddie Watt is out of the way.

Watt admitted he wasn't ready to join the Orioles' slugging society quite yet Tuesday even though he walloped his first major league home run while pitching Baltimore to a 13-3 rout over Detroit.

"I hit one a year," Watt said after the game. "The pitch was in the one spot where I could hit it out."

Watt's first major league homer was the fourth of the night for the Orioles, who rounded four Detroit pitchers for 19 hits. Those conventional sluggers, Frank Robinson and Blefary, whacked the first three with Robinson's 24th and 25th driving in five runs.

The rout stretched Baltimore's first-place bulge over the Tigers to 9 1/2 games.

Pitches Relieve

Watt, a rookie reliever, went the distance in his second start of the season, scattering eight hits. He struck out seven and raised his record to 7-1.

Both Brooks and Frank Robinson ripped three hits apiece and Snyder, the American League's leading hitter, stroked two hits and raised his average to .336.

In the only other American League games played Tuesday, Minnesota swept a doubleheader 5-4 and 4-0 from Washington and Chicago edged Cleveland 5-4. Kansas City at New York and California at Boston were postponed by rain.

Robinson's first home run of the night was a three-run shot in the first inning as the Orioles hoped on Detroit starter Earl Wilson. He hammered No. 25 in the fourth inning after Watt had singled.

Belt Podres

Blefary and Watt homered in the sixth against Johnny Podres.

Both Robinsons left the game in the seventh after collecting their third hits of the game. Until he was replaced by a pinch runner, Brooks had played every inning this season.

Jim Perry allowed just two infield singles and drove in two runs as the Twins completed their sweep against Washington. Perry retired 17 of the last 18 batters he faced and struck out five.

Cesar Tovar, who raced home with the winning run on Harmon Killebrew's eighth-inning single in the first game, also drove in two runs in the nightcap.

Jim Kaat weathered a 13-hit Senator attack to win his 13th game in the opener.

Pete Richert had a 4-2 lead on a two-hitter through six innings but had to leave the game when his arm stiffened. It was Richert's first appearance since the All-Star Game. After that game, Washington Manager Gil Hodges criticized Minnesota's Sam Mele for overworking Richert in the bullpen.

BILLY CASPER, National Open champion, about to toss clump of grass into the wind during practice round for the PGA golf tournament. "If the wind dies down or shifts northwesterly, I'm in trouble," he said. PGA Opens Thursday, Top Stars In Field

AKRON, Ohio (AP) — The

PGA's golden anniversary tournament begins Thursday with the game's top stars harboring various reasons for wanting to win the final major championship of 1966.

Jack Nicklaus, Arnold Palmer, Gary Player, Billy Casper, Doug Sanders and Dave Marr

are among those who have an

ax to grind in the 72-hole title

across the vast field of the Fire-

stone Country Club which meas-

ures 7,190 yards and carries a

challenging par of 35-35-70.

Nicklaus is gunning for a

three-quarter slam. If he takes

the PGA to his Master's and

British Open victories, he'll be-

come the first player to win

three major titles in one year

since Ben Hogan won the Mas-

ters, the British, the U.S. Open

and then didn't compete in the

1953 PGA.

Palmer is still somewhat

shocked from his big blowup

loss to Casper in this year's

Open and a triumph this week

would gild Arnie's somewhat

tarnished image.

Player, the 1963 golfer of the

year, has virtually done nothing

this year in the way of winning.

However, Doug's record at

Firestone is not an enviable one.

He finished in a tie for third in

the 1960 PGA and in five Ameri-

can classics his best showing

was a tie for ninth last year.

Marr's story has become a

sad one, in that he has been

completely overlooked despite

the fact he is defending the title

he won at Ligonier last year.

Marr takes his role of the for-

gotten man philosophically, say-

ing, "The guy who wins only

three of 90 tournaments should

be forgotten." Dave hasn't won

a thing since the 1965 PGA, but

he has been among the top 10 in

seven tournaments this year

and remains a title threat.

The tournament winds up

Sunday. In case of a tie, there

will be an 18-hole playoff Mon-

day.

The Divot Diggers moved

from 5th to 2nd place in the

league standings by scoring 9 1/2

out of a possible 10 points. The

Baumers stretched their league

lead to 10 1/2 points with an 8-

point spliturge.

Low scores for the evening

were Stiemert 33-38, Dave

Friets 36-38, Jim Douglas 38,

Jack Smith 38-38, Vial Smith

39, Aaron Raack 39, Al Martin

39-40, and Barney Barnhart,

Dick Nelson and Ed Martinson

40.
